Supplement February 1904

N. B. - The general Catalogue of Cinematograph films will be sent post free to anyone enquiring for it.

VERY IMPORTANT NOTICE

With all our films, we supply a length of about 1 m. 50 which is attached, and bearing the title of the subject and our trade-mark; this protects us against imitators, and affords our clients the advantage of economising their expenditure as the use of a second lantern for fixed titles is not required.

We supply these titles in French, English, German, Spanish or Italian, as our clients wish them.

Consequently, all those who procure our films through dealers, agents or others, should insist on having the title *in red* with our trade-mark, the Coq, to the right and left, which is the only guarantee that they are our manufacture and not merely copies.

We send a photograph (size 13 × 18) with nearly all our films, representing the most interesting part of the scene, and which we offer gratuitously to every purchaser.

The lengths stated in this catalogue are only approximate.
